A+

In a bid to curb the effects of the rising air pollution in Gurugram, Enviro, the facilities management wing of Vatika Group distributed N-95 anti-pollution masks to Gurugram Police. The pollution reached a peak with the city recording an Air Quality Index (AQI) of 345, indicating 'very poor' air. Thus, to support better and safer breathing environment for the

police who are at a high risk of respiratory and lung problems due to their prolonged exposure to toxic air, the company distributed these masks.

Kumari Priyanka, traffic police cop said, "We are thankful to Enviro for their initiative of distributing these masks that will help us in protecting ourselves from pollution."

Gaurav Bhalla, Managing Director, Enviro (part of Vatika Group) said, "With the rising air pollution in the city, we have decided to give N95 face masks to these brave hearts to battle the pollution and provide for a safer breathing experience."
